**To object please email : [planning.representations@merton.gov.uk](mailto:planning.representations@merton.gov.uk)**

Include the following details:

1. Application number
2. Your name
3. Your address
4. Planning application description
5. Your comments

**What can you object about?**

For a full application related to a conservation area you can object to siting, appearance, how it would affect the character of the area - includes proximity to residential dwellings, schools, university buildings, residential care homes, nurseries and so on. Ecological harm (e.g. to bees and trees) and health & safety (lack of risk assessment etc) are material planning considerations so can be included as well.

Factors concerning **siting** may involve:

- height of the site in relation to surrounding land
- topography of the site and vegetation
- openness and visibility of the site
- designated areas
- the site in relation to existing masts
- structures or buildings
- proximity to residential property, schools, colleges, universities, care homes
- significant detrimental impact on the historical setting of a listed building

With regard to **appearance** this can include details such as:

- materials
- colour
- design
- dimensions
- overall shape
- solid or open framework
- could also mention disquieting appearance of masts affecting people's enjoyment of the neighbourhood, and possibly leading to anxiety and mental health issues

There are alternatives, fibre to the home is safe, more secure, performs faster and more reliably, it is also less amenable to all pervasive bulk data collection.

**Objection points specific to this application**

Opposite Wimbledon Park, listed by Historic England in their register of historic parks and gardens.
